Tanger Med 3 port

Identification — Feasibility — Financing — **Construction** — Operation

What moved

Construction launched, according to the Royal Cabinet statement of 28 October: 1,200 m of quays and 4.5 million more containers a year.

Announced amount

8 billion dirhams

Investment announced in the Royal Cabinet statement

Capacity

1,200 m of quays; 4.5 million containers a year of additional capacity

Project owner

Tanger Med

Not yet public: lenders.

Egypt

Energy

Dandara solar and storage plant

Identification — Feasibility — **Financing** — Construction — Operation

What moved

The EIB on 28 October signed a loan of up to $90 million for phase 1 (569 MWp, 100 MWh of storage).

Announced amount

up to $90 million

EIB loan (up to $90 million) for phase 1, not the total project cost

Capacity

569 MWp and 100 MWh of storage (phase 1)

Lenders

European Investment Bank, EBRD, African Development Bank

Project owner

Scatec, National Bank of Egypt

Zambia / Angola

Transport

Zambia Lobito Railway

Identification **Feasibility** Financing Construction Operation

What moved

Capacity
830 km

Project owner
Africa Finance Corporation

Not yet public: amount, lenders.

Kenya Energy

Kitui–Wote 132 kV line

Identification · Feasibility · Financing · Construction · **Operation**

What moved

President William Ruto on 26 October inaugurated the 66 km Kitui–Wote 132 kV line, built by KETRACO.

Capacity
132 kV, 66 km

Project owner
KETRACO

Not yet public: amount, lenders.

Côte d'Ivoire

Energy

Tongon solar plant

Identification **Feasibility** Financing Construction Operation

What moved

Côte d'Ivoire's energy minister laid the foundation stone of the 52 MWp plant between 22 and 24 October. Estimated cost: 33 billion CFA francs.

Estimated cost

33 billion CFA francs

Estimated cost, according to Agence Ecofin and Afrique-sur7

Capacity

52 MWp

Project owner

Tongon Solaire SAS

Not yet public: lenders.

Côte d'Ivoire

Energy

Binguébougou solar plant

Identification **Feasibility** Financing Construction Operation

What moved

Côte d'Ivoire's energy minister laid the foundation stone of the 50 MWp plant near Korhogo between 22 and 24 October.

Capacity
50 MWp

Not yet public: amount, lenders, project owner.

Côte d'Ivoire

Energy

Katiola solar plant

Identification · **Feasibility** · Financing · Construction · Operation

What moved

Côte d'Ivoire's energy minister laid the foundation stone of the 50 MWp plant between 22 and 24 October.

Capacity
50 MWp

Not yet public: amount, lenders, project owner.

Benin

Water

Cotonou stormwater drainage (PAPC)

Identification · Feasibility · **Financing** · Construction · Operation

What moved

On 30 October the AfDB published the tender for dredging downstream of the Pa2 basin to Lake Nokoué, in Cotonou.

Lenders

African Development Bank, Africa Growing Together Fund

Not yet public: amount, project owner.

Guinea / Mali

Energy

Guinea–Mali 225 kV power interconnection

Identification — Feasibility — **Financing** — Construction — Operation

What moved

On 29 October the AfDB published the updated procurement plan for the 225 kV line, for which the EIB has signed €300 million in loans.

Announced amount

€612 million

Approximate total cost according to the EIB project database. The cost in Guinea is $372 million according to the AfDB (December 2025); the two figures do not add up.

Capacity

225 kV

Not yet public: project owner.
